No. 2723-C/36-1

Station Madras, *Dated the* 29th September, 1936.

From (Name) Dr.B.Sundara Raj, M.A., Ph.D.,

(Designation) Director of Fisheries.

To The Secretary to the Government of Madras,

DEVELOPMENT Department.

Sir,

The present building in which the Fisheries School at Sandspit is housed has space for only 37 pupils in the main hall which measures 23¾' x 15' and for 16 pupils in the verandah measuring 23¾' x 6½'. The existing strength of the school is 87 and about 8 more children are expected to join the school immediately. The necessity for extending the building therefore, has become urgent. This is one of the most progressive schools.

2. The extension required is of the same measurements as the existing building and is marked in red ink in the plan enclosed. One side wall of the existing building will be re-

removed to connect the extension to the existing building so as to form a long hall with a 6½' broad verandah. The main hall after extension will measure 47½' x 15' and will accomodate 75 pupils. A portion of the verandah will also have to be used for accomodating a class with about 20 children. I enclose herewith an estimate for Rs 1300- in duplicate and a plan for the proposed extension.

3. I have the honour to request that Government will be pleased to treat this as a Part II scheme for 1937-38 and include provision in the budget estimate of that year.

I have the honour to be,

Sir,

Your most obedient servant,

G.R. Nalinaksha Pillai

for Director of Fisheries.

(From the D. F no 2723-C/38-3 dt 16.1.37) p.4 cr

To A.S.

The D.F. has submitted proposal Rs 1.2 cr for the extension of the permanent Fisheries school building at Sandspit as accommodation is required for 95 pupils while the present building can accommodate 53 pupils only. The cost of the work as worked out by the Executive Engineer is Rs. 12454 and Rs. 12550 under the circumstances mentioned by the D.F. in Rs 1.2 cr. The need for extending the present building may be accepted. Only Rs. 12550 out of the Grant have been allotted for this proposal need may be treated as a Part II scheme and Special provision need be made for the work. The D.F. may be asked to meet the expenditure from the allotment usually made for "Fisheries Schools Petty Construction and repairs".

The proposal may be supported and the case forwarded to Finance Dept for remarks.

This may not be possible. The provision required by D.F. under this head for 1937-38 may be increased by Rs 12550/-

Finance (Expdre)

In the circumstances stated in the D.F.'s letter under reply, Finance may agree to the proposal to carry out extensions to the building of the Fisheries School at Sandoppi at a cost of Rs 1245/-

2. Funds for the BE 1937-38, the D.F. proposed a provision of 5,800 under Petty Construction and repairs - Fisheries Schools. At the instance of the Dev. Dept, the amount was raised to 7,300 including a special additional provision of Rs 3,100 (out of Rs 9300 sanctioned to be spread over a period of 3 years from '936-37 to (938-39). The D.F. should meet the present demand from the provision of Rs 7300 already provided for the BE 1937-38 [illegible]

Yes; the charge should be met from the provision already made, or the work should be postponed till funds are available
